#### **PROFILE**

I am a passionate Junior React JS Developer with 1 year and 3 months of experience in crafting dynamic and responsive web applications. My journey in web development is driven by a strong foundation in React, HTML5, CSS3, and JavaScript (ES6+). I thrive in agile environments, collaborating with cross-functional teams to deliver high-quality projects. Known for my problem-solving skills and proactive approach, I've contributed to successful project launches and process improvements. Continuously learning and eager to take on new challenges, I am excited to bring my growing expertise and enthusiasm for web development to a forward-thinking team. Let's connect and explore how I can contribute to your organization's success.

## SKILLS

HTML and CSS	• • • • •
Bootstrap	• • • • •
Rudimentary of JavaScript	• • • • •
JavaScript ES6	• • • • •
Git	• • • • •
Fetch data from Rest APIs	• • • • •
Great Communication	• • • • •
Problem-Solving Approach	• • • • •
Capability to work in a Team	• • • • •
React.js	• • • • •

#### **EDUCATION**

Bachelor Of Engineering, Global Institute Of Engineering And Management

July 2017 - June 2020 | Krishnanagar, India

Diploma In Engineering, jis school of polytechnic June 2014 - June 2017 | kalyani, India

• React.js basic and advanced level certificate from Hackerrank

### PROFESSIONAL EXPERIENCE

#### Codenet Softwares, React.js Developer

February 2023 – present | kalyani, India

• During my tenure at the above organisation, I worked on several high-impact projects primarily focused on Customer Relationship Management (CRM) systems. Due to a nondisclosure agreement, I am unable to share specific details about these projects. However, I can highlight the key skills and tools I utilized:

**CRM Development and Integration**: Leveraged my expertise in CRM systems to enhance customer relationship processes, ensuring seamless integration and efficient data management. Version Control with GitHub: Utilized GitHub for version control, managing code repositories, and collaborating with team members. Ensured code integrity through regular commits, branches, and pull requests.

**Responsive Web Design**: Designed and developed responsive web interfaces to ensure optimal user experiences across various devices and screen sizes. Implemented media gueries and flexible grid layouts to achieve responsiveness.

CSS and Bootstrap: Employed CSS and Bootstrap for styling and layout design. Used Bootstrap's pre-built components and utility classes to streamline the development process, ensuring consistency and responsiveness in design.

Collaboration and Communication: Worked closely with crossfunctional teams, including designers, developers, and stakeholders, to deliver high-quality solutions. Maintained clear communication and documentation to facilitate smooth project execution.

### **Key Achievements:**

- Successfully contributed to the development and implementation of multiple CRM-related projects, enhancing client satisfaction and operational efficiency.
- Improved team collaboration and code management processes through effective use of GitHub.
- Developed and maintained responsive web designs that improved user engagement and accessibility.
